INNOVATOR · SPEAKER · AUTHOR

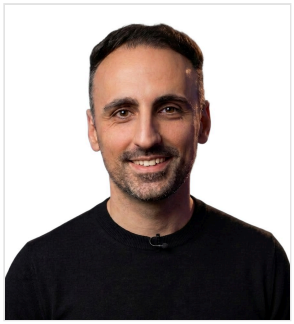

AI Keynote Speaker

Strategy · Innovation · Ethics · Future of Work · Healthcare

WHERE AI MEETS REALITY

A practitioner first, a *speaker* second.

More than a decade turning AI into real results, from boardroom strategy to leading the commercialisation of the UK's first orthopaedic robot. Audiences leave with ideas they can act on the next morning.

- AI in Healthcare: Where the Real Breakthroughs Are Happening
- The Pursuit of Meaning in the Age of Technology

Workshops and Advisory

The AI Explore Workshop — a full day that ends with prioritised use cases and named owners.

WHY SINA

A natural storyteller. Big ideas told as vivid, jargon-free stories.

Works inside the decisions. Runs strategic markets and innovation for a surgical technology business.

Credibility across worlds. Biomedical scientist and MBA, with work in more than fifty countries.

TRUSTED BY

Google · Microsoft · Amazon · Cognizant · BBC · Shell · O2 · Salesforce · LEGO · Ipsen · Juniper Networks · InterSystems

Author of *The Promised Land of AI*, a practical playbook for turning AI into business value.

Bring a realistic conversation about AI to your stage.

Keynotes, workshops, and advisory tailored to every audience
